DATE : JUNE 5, 2020
NAME OF INSTITUTION : SICA S. S. SCHOOL, Sch. No. 78
PLACE : WhatsApp Group

World environment Day was established in 1972 by United Nations and now is observed on 5th June each year in more then 100 countries, and is the United Nation's most important day for encouraging worldwide awareness and action for the protection of our environment.

To create awareness and encourage our students we have celebrated World Environment Day on June 5, 2020 in SICA 78 Primary School.

Students of grade I to V made posters to show how human beings are causing harm to the environment and what would be the result of that damage. They also shared their photos with the plants which they have planted in their houses.
